Metropolyst Project

Extra text appears here with custom size/weight

Layout Configuration

This presentation demonstrates custom layout settings:

Option	This Presentation	Default
aspect-ratio	"16-9"	"16-9"
align	horizon	horizon
footer-progress	true	false
footer	[Metropolyst Demo]	none

The footer on the left shows custom content instead of being empty.

Font Configuration

Header & Footer Fonts 🎨

Notice the header above is **larger and bolder** than default:

Option	This Presentation	Default
`header-size`	`1.4em`	`1.2em`
`header-weight`	`"bold"`	`"medium"`
`footer-size`	`0.9em`	`0.8em`
`footer-weight`	`"medium"`	`"regular"`

Look at the footer below to see the difference!

Title Slide Fonts

🎨

The title slide uses custom typography:

Option	This Presentation	Default
title-size	1.8em	1.3em
title-weight	"bold"	"medium"
subtitle-size	1.1em	0.9em
subtitle-weight	"medium"	"regular"
author-size	0.9em	0.8em
logo-size	2.5em	2em

Section & Focus Slide Fonts

Section dividers (like the one before this slide) use:

Option	This Presentation	Default
section-size	1.8em	1.5em
section-weight	"bold"	"regular"
focus-size	2.0em	1.5em
focus-weight	"bold"	"regular"

The next slide is a focus slide demonstrating these settings.

Focus slides use custom size (2.0em) and weight (bold)

Color Configuration

Color System 🎨

Metropolyst has two types of configurable colors:

Accent colors — inherit from `accent-color` when `auto`:

- `hyperlink-color`, `line-separator-color`, `progress-bar-color`

Background colors — have independent defaults:

- `header-background-color` (dark teal #23373b)
- `focus-background-color` (inherits from header background)

This presentation uses **blue** (#2563eb) as the base accent.

Color Options Demonstrated 🎨

Each accent element has a custom color:

Option	Default	This Presentation	Where Used
`accent-color`	■ Orange	■ Blue	Base color, alert
`hyperlink-color`	`auto`	■ Purple	Links
`progress-bar-color`	`auto`	■ Green	Progress bar
`line-separator-color`	`auto`	■ Blue	Title line
`header-background-color`	■ Dark	■ Green	Header
`focus-background-color`	`auto`	■ Green	Focus slides

Color Examples in Action

Hyperlinks use purple: Visit Typst

Bold text is dark like normal text. Alert text uses the accent color.

Progress bar at the bottom uses green with light green background.

The title slide's horizontal line uses blue (line-separator-color).

The **header** and **focus slides** use dark green backgrounds.

All Font Options Reference

Cascading Font System

Like `accent-color`, the `font` parameter cascades to all elements:

Parameter	Default	Description
`font`	`("Fira Sans",)`	Base font for all elements
`header-font`	`auto`	Header font (defaults to `font`)
`footer-font`	`auto`	Footer font (defaults to `font`)
`title-font`	`auto`	Title slide font (defaults to `font`)
`section-font`	`auto`	Section slide font (defaults to `font`)
`focus-font`	`auto`	Focus slide font (defaults to `font`)

Set `font` once to change all fonts, or override individual elements.

Complete Font Options List 🎨

Parameter	Default	Description
`header-size`	`1.2em`	Header font size
`header-weight`	`"regular"`	Header font weight
`footer-size`	`0.6em`	Footer font size
`footer-weight`	`"regular"`	Footer font weight
`title-size`	`1.4em`	Title font size
`title-weight`	`"regular"`	Title font weight
`subtitle-size`	`1.0em`	Subtitle font size
`subtitle-weight`	`"light"`	Subtitle font weight
`author-size`	`0.8em`	Author font size
`author-weight`	`"light"`	Author font weight

Parameter	Default	Description
date-size	0.8em	Date font size
date-weight	"light"	Date font weight
institution-size	0.8em	Institution font size
institution-weight	"light"	Institution font weight
extra-size	0.8em	Extra text font size
extra-weight	"light"	Extra text font weight
logo-size	2em	Logo size on title slide
section-size	1.4em	Section font size
section-weight	"regular"	Section font weight
focus-size	1.4em	Focus font size
focus-weight	"regular"	Focus font weight

Summary

Font options (22 total):

- 1 cascading base font
- 5 element-specific font overrides
- 16 size/weight options

Color options (7 total):

- 1 base accent color
- 6 specific color overrides

Layout options (7 total):

- Aspect ratio, alignment, progress bar
- Header and footer content
